Explanations	

As we reported in our PDP statement dated 25.05.2023;

Our subsidiary Progresiva Enerji Yatırımları Tic. A.Ş., was given a Pre-license by the Energy Market Regulatory Authority (EMRA) for 250 MW Wind Power Plant (WPP) and 1000 MWh Electricity Storage Facility (ESF).

Our Site Amendment Application for a different site with a higher wind capacity factor than the project site in our current Pre-license was approved by EMRA.

The new project site is located in Tekirdağ, Süleymanpaşa and Muratlı districts. Measurements have been made in the relevant area for approximately two months with two Wind Measurement Stations, and Environmental Impact Assessment (EIA) and Technical Interaction Analysis (TIA) processes have been initiated.

In the following stages, developments regarding the progress of the project will be shared with the public.

A Turkish and English translations of this statement are available, and in case of any conflict between the Turkish and English versions of this statement, the Turkish version will prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
